**Evaluation:**

**Homework:** Homework is assigned for every section we cover. Homework is not collected.

**Quizzes:** You will have a quiz over each section to determine your understanding of the material. These quizzes will constitute 20% of your overall grade. Quizzes cannot be made-up, but your lowest three quizzes will be dropped.

**Projects:** We will have 3 unit projects. These you can work on together. Each project will constitute 4% of your grade.

**Mastery Exam:** You will need to have passed the Differentiation Mastery Exam by the due date, Oct. 11th, or you will have your Test 2 score lowered by 10%

Tests: We will have 4 unit tests. Each test will constitute 12% of your grade. Tests can be made-up in the Testing Center (Student Center 334), if you contact me in advance.

Final Exam: The final exam is comprehensive. The final exam will constitute 20% of your grade. Your final exam grade will replace your lowest test score.

At the end of the semester, if the class average is below 75%, the grades will be shifted to make it 75%.
